

How to make a “Mad Anthony[®]”

2 oz Cabo Wabo[®] Tequila

1 oz Spicy V8[®] (we like this better than regular V8 because of the kicked up spices. You can try to sub a good Bloody Mary mix as well)

Juice from a fresh Lime

A generous dollop of Mad Anthony's Hot Sauce[®] (Don't skimp here or you'll make Mr. Anthony MAD!)

Combine in a shaker full of ice and shake it up baby!!

Pour into shot glass garnished with

a dab of salt

a small slice of lime

a slice of Serrano or Jalapeno chili pepper

1. Lick the Salt
2. Drink the Shot
3. Eat the Pepper
4. Throw the lime over your left shoulder
5. Repeat

There you have it ...See you in Cabo!!!
